Invitation to Provide Bank Details

For scenarios where Supplier is only asked to provide bank details

Invitation to Provide Bank Details

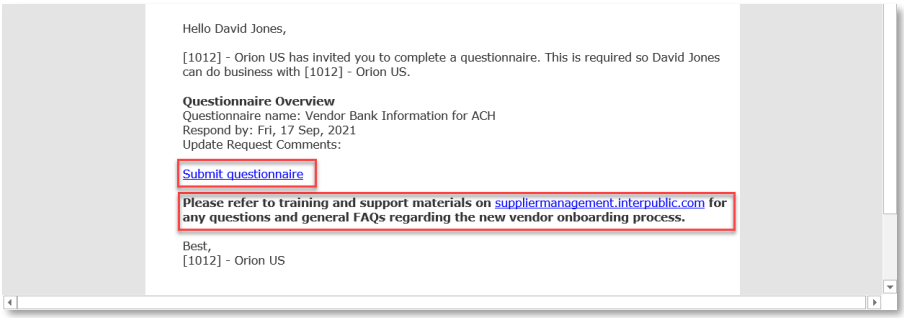

Scenarios

For specific scenarios where the supplier will be asked to provide only bank information, *the supplier contact will receive an email notification, inviting them to respond to Omnicom's questionnaire:* ***Vendor Bank Information for ACH*** *through the Ariba Network – the supplier-side of Omnicom's supplier onboarding portal. If you already have an Ariba Network account, log in with existing credentials.*

1. The Supplier contact will receive an email from Omnicom Corporate asking them to provide bank information for ACH payments.

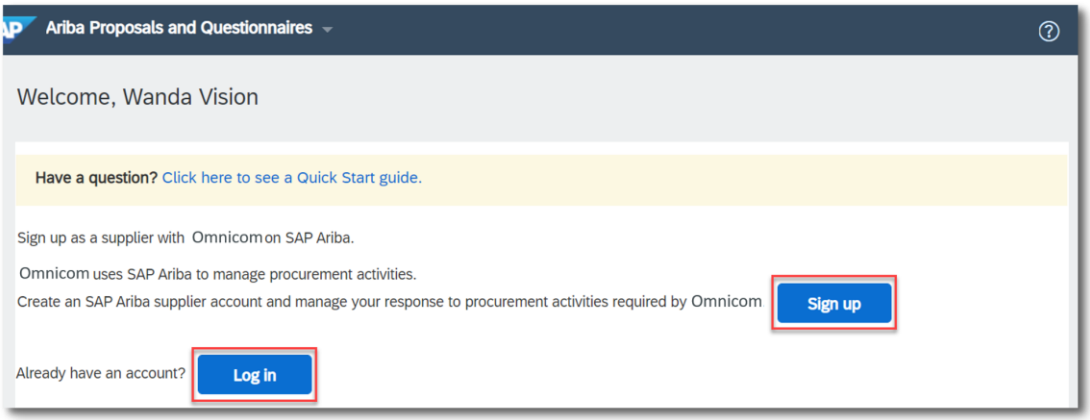

2. Click the link to **submit the questionnaire**.

   - The email will have a link to Omnicom's training and support materials where the supplier can access materials to assist in completing this questionnaire.

3. If the supplier contact does not have an SAP Ariba Network account, click **Sign Up** on the webpage.

   - If the supplier contact does have an account, then they can **Log In** with their existing credentials instead.

Create Ariba Network Account

4. The Ariba Network signup page will display some information (like address, name, email, etc.) that is already populated.

5. Change the **username** and **password** to something you will remember.

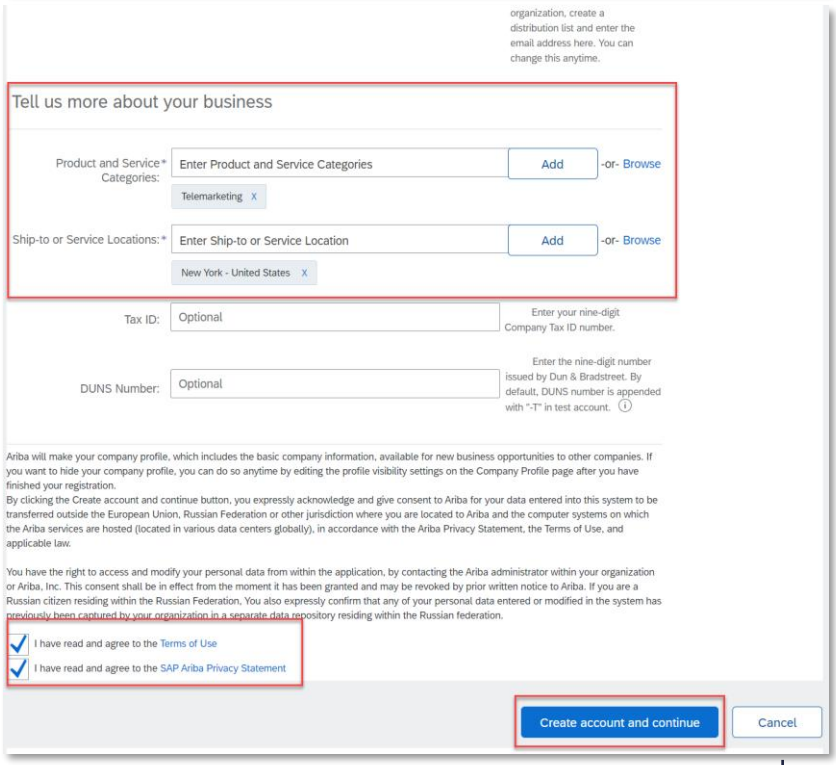

6. At the bottom of the form, the supplier contact will be prompted to select the product / services they provide. **This is only for SAP Ariba Network purposes, not Omnicom. Search or Browse for a product / service and select it.** Do the same with the **Ship to or Service Location.**

7. Type in Tax ID, if applicable.

8. Type in DUNS Number, if applicable.

9. Accept the terms of use and privacy policy.

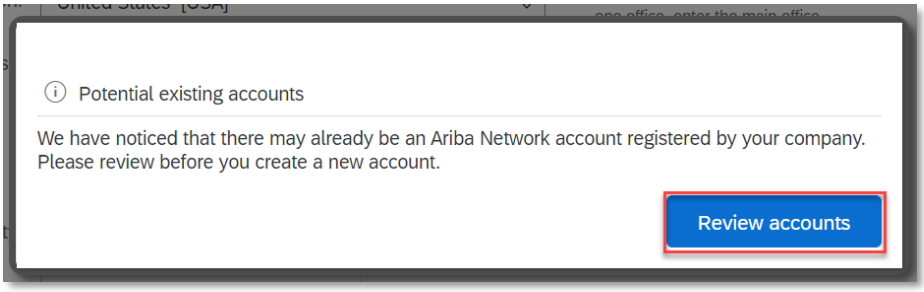

10. Click **Create account and continue.**

Create Ariba Network Account

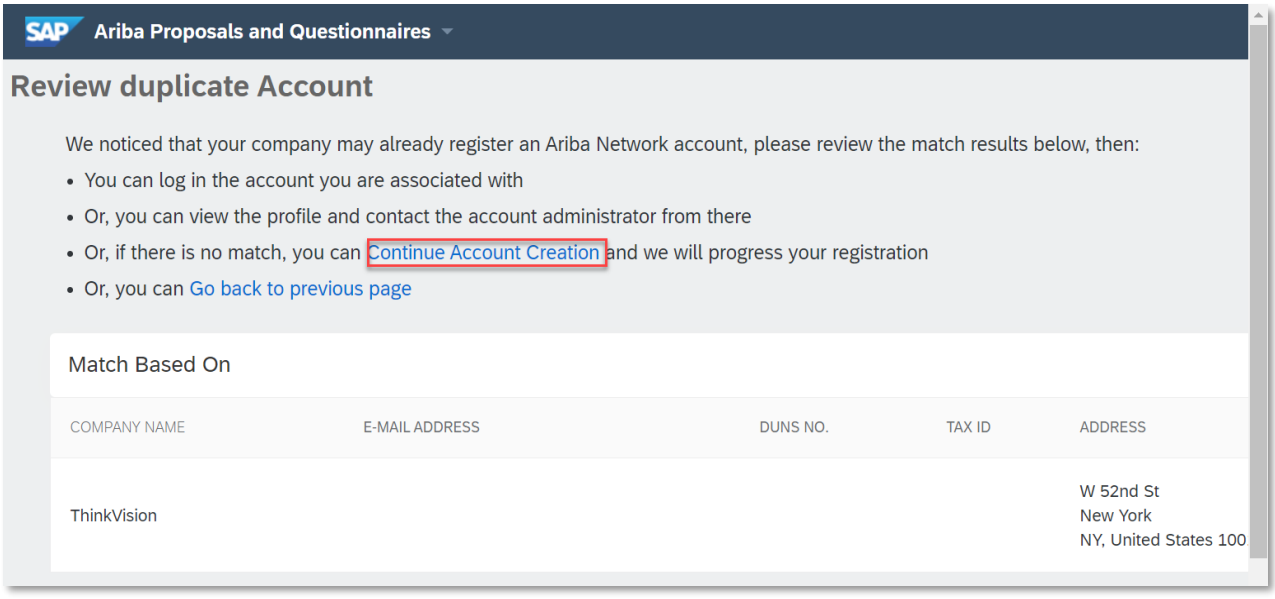

11. As the account is created, a pop-up notification **<u>may</u>** appear informing the supplier contact that their company has an Ariba Network profile. The supplier contact will have the option to merge their account to their company's overall profile.

12. The SAP Ariba Network will identify this based on the supplier contact's email domain. Click **Review accounts** to continue.

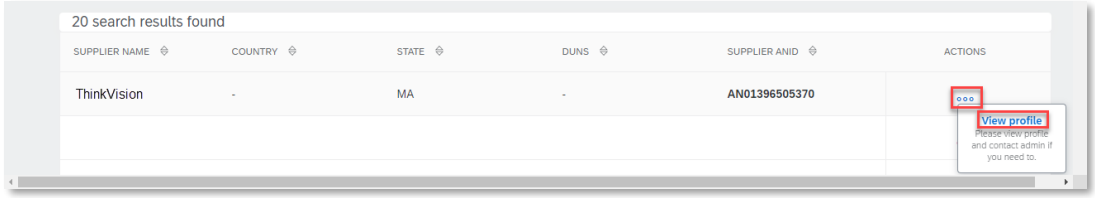

13. Scroll down to see potential company matches.

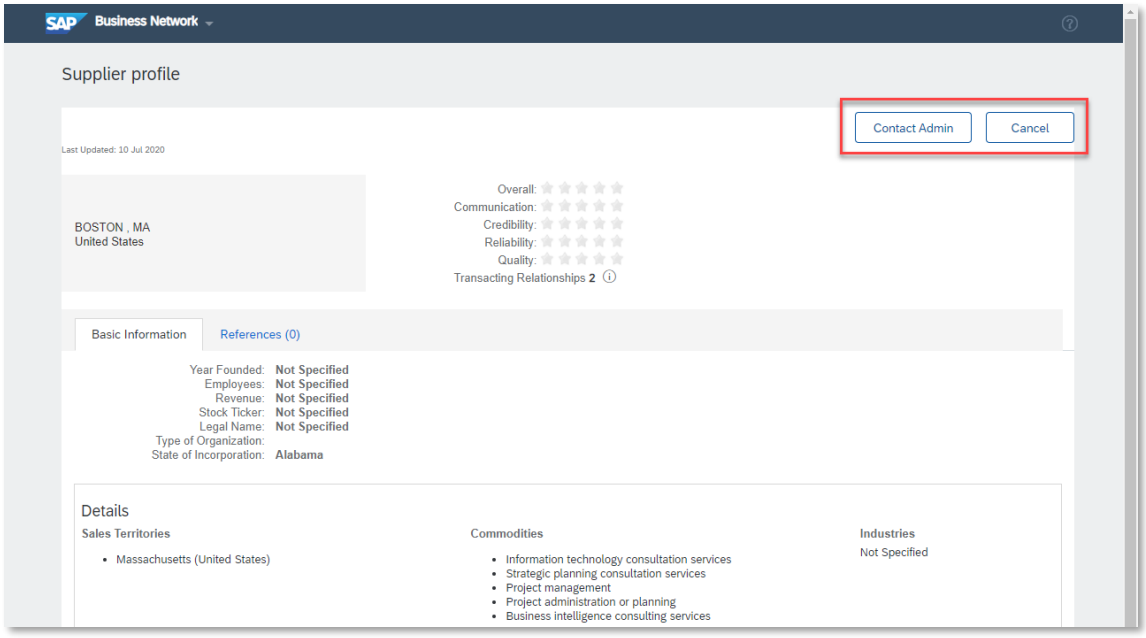

14. If the search results **do not match** your company, click **Continue Account Creation** to start completing Omnicom's registration form.

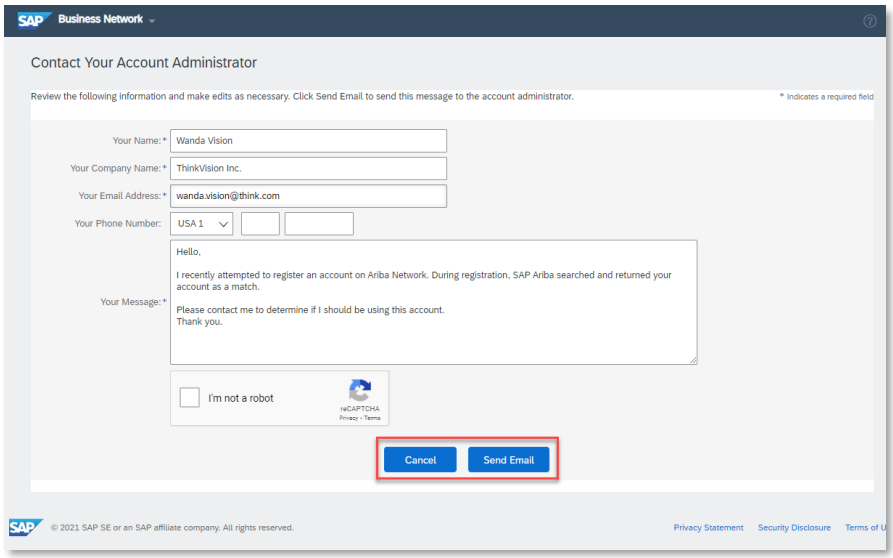

Create Ariba Network Account

15. If the search results **do match** your company, click on the ••• icon.
16. Then click **View profile** to confirm the company.
    17. If it looks like a match, **Contact Admin** and reach out to the supplier profile administrator to merge the accounts.
    18. If not, click **Cancel** and continue to create the new account.

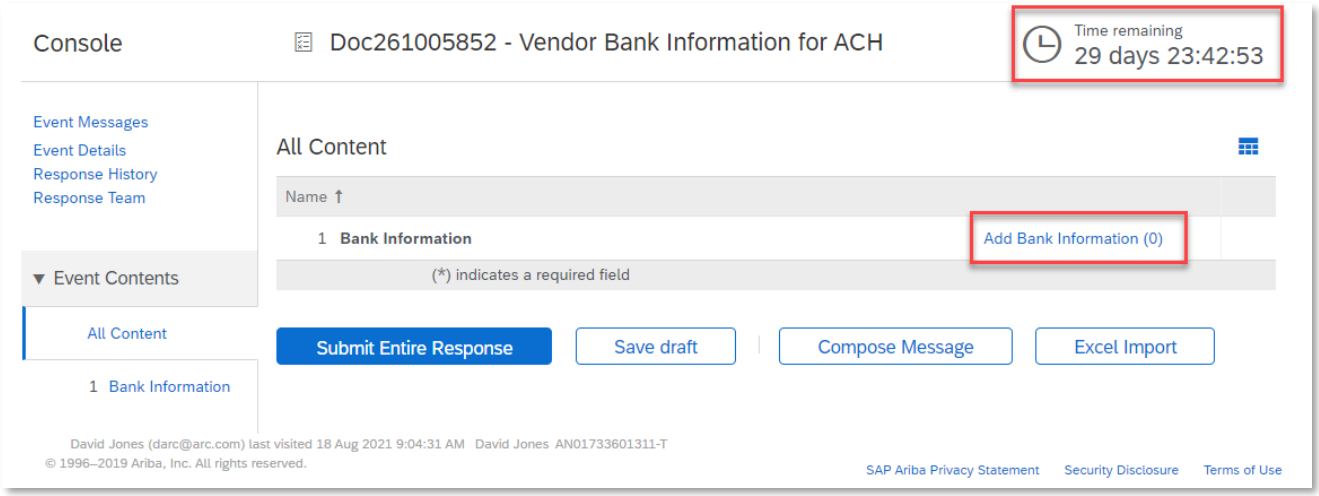

Complete Bank Questionnaire

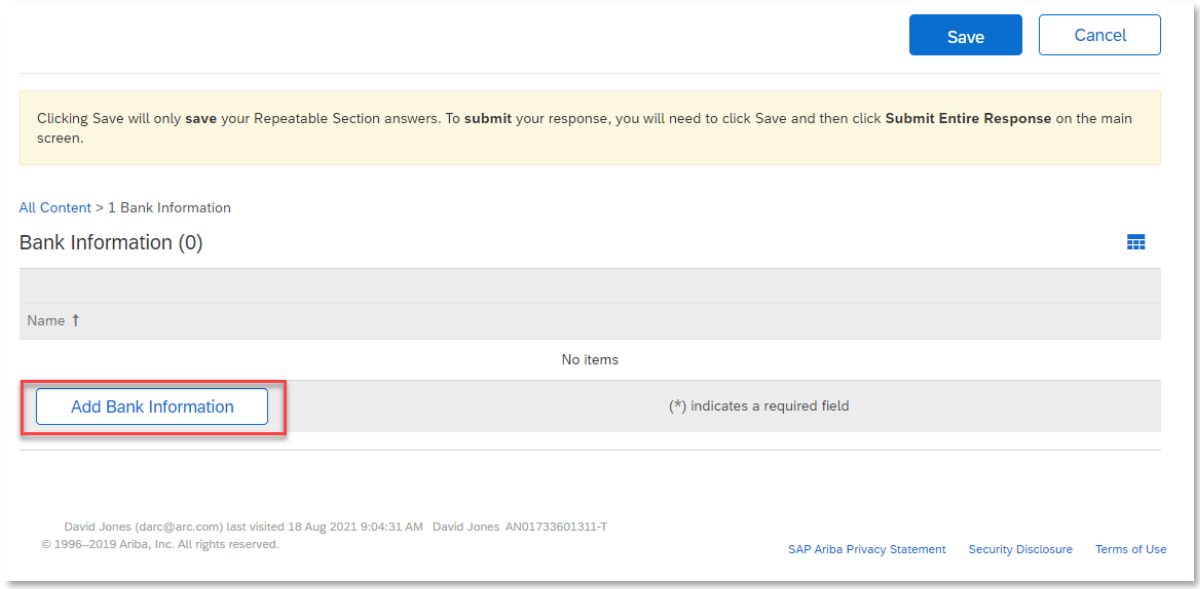

Complete Bank Questionnaire
